

## **SKID-STEER OPERATOR (BOBCAT) JOB DESCRIPTION**

Skid Steer Operator (Bobcat) Operators are part of a construction team that works on land excavation. These are drivers that operate bobcat truck, a heavy equip truck that load and carry lands, big stones and debris.

### **Basic Tasks:**

- Do land excavation using heavy duty truck like bobcat.
- Drill land.
- Load land, cement or stones and unload or transfer to the excavated area.
- Measure the amount to be excavated and how deep.
- Follow the engineers or foreman instructions before taking actions.
- Dig up stones and other debris that are not needed

All Bergeron employees will fulfill the duties of their own position and any other tasks within their abilities as assigned by the Superintendent.
