BERGERON LAND DEVELOPMENT TO WIDEN AND ENHANCE PORTION OF  
STATE ROAD 15/600 IN SEMINOLE COUNTY

Longwood, Fla. - The Florida Department of Transportation (FDOT) has retained Bergeron Land Development to widen and enhance 3.5 miles of State Road (SR) 15/1600 from Raven Avenue to Lake Mary Boulevard in Seminole County, Florida. SR 15/600 is part of US Highway 17/92 and is a major arterial highway between Sanford and Orlando, Florida. The project is scheduled to begin in the spring of 2016 and be completed in spring of 2019.

The roadway is currently a substantially rural four-lane divided highway with inadequate drainage. Bergeron Land Development will be responsible to widening the road to six lanes with a closed drainage system with 1.4 acre underground storm water storage and exfiltration system.

Other improvements include replacing an existing box culvert with a bridge structure that will improve the flow of Soldier Creek, constructing concrete pavement at major intersections, and providing curb and gutter, sidewalks, and Intelligent Transportation System (ITS) facilities throughout the project.

**About Bergeron Land Development:**

Few companies or individuals have influenced the landscape of Florida more than Bergeron Land Development and its founder, "Alligator" Ron Bergeron. Since 1965, Bergeron Land Development has expanded communities, increased commerce and made commutes a lot more convenient. Regardless of the project, Bergeron Land Development measures its success, not only by its profits, but by its commitment to the Florida community and its sensitive ecosystem as well.
